

M.S. Assistantship: Forest Science

The School of Forest Resources at the University of Arkansas-Monticello is seeking a highly motivated M.S. student interested in the productivity and eco-physiology of intensively managed short rotation plantations. The actual project is flexible, but can include topics describing C allocation patterns, nutrient use efficiency, or root dynamics relative to varying levels of nutrient availability.

The 2-yr graduate assistantship includes \$15,000/yr stipend and a tuition + fee waiver.

Qualifications: Applicants should have an undergraduate degree in forestry, ecology, natural resources management, or related fields, and a minimum 2.7 GPA (or 3.0 GPA for the last 60 hours) is required. GRE scores should exceed 1000 for verbal + quantitative. Individuals need to be self-starters, able to work outdoors during inclement conditions, and have a valid driver license.

Applications: Applications are being accepted for the Fall 2010 semester. For additional information or to apply, please contact: Dr. Jamie Schuler, University of Arkansas-Monticello, School of Forest Resources, P.O. Box 3468, Monticello, AR 71656. E-mail: schuler@uamont.edu; Phone: 870-460-1448.
